| CAT NO. | LCP MANDIBLE PLATE, CRESCENT, BROAD CENTRE |
| 709.306 | LCP MANDIBLE Plate, crescent, broad centre, 2+2 holes THICKNESS 2.0MM |
| 709.308 | LCP MANDIBLE Plate, crescent, broad centre, 3+3 holes THICKNESS 2.0MM |

Specification

- Plate is available in Titanium.

Indication for use

- The LCP Mandible Plate with a crescent-shaped, broad centre is designed for internal fixation of mandibular fractures, particularly in areas with thin bone, providing angular stability and preserving periosteal blood supply.
